MEMORANDUM FOR: Office of Legislative Counsel

FROM : [REDACTED]
SA/DO/O

SUBJECT : Frank R. Teruggi and the "Arrest List"

1. Per your request of 2 August 1976, I have explored with LA Division the question as to whether Frank R. Teruggi's name was carried on any "arrest list" held by Santiago Station during the 1970-73 period. The citation provided by Mike Madigan to you comes from page 38 of a Senate Select Committee staff study which appears on page 185 of Volume 7 of "Covert Action" of the hearings of the SSC.

2. To confirm our discussion, there is no clear indication here that the statement in the SSC staff study is in fact accurate: that "arrest lists" ever existed at Santiago Station. The fact is that Teruggi's name did not come to the attention of Santiago Station, according to its Chief at the time, until after the change of government in September 1973.

3. It is recommended that your reply to Senator Baker through Mr. Madigan be put in the terms: Santiago Station had no record of Frank R. Teruggi until after the coup of 11 September 1973.
